Proprietors Class City, Lithia Water,
Gentlemen,—On my arrival here from my
home, Bloomfield, Ky., the 11th of this
month, I met my neighbor, Mr. John D.
Wakefield, of Spencer county, Ky. Mr.
Wakefield has, to my own personal knowledge, been in very bad health for seven or
eight years, and during that time treated
by some of the most eminent physicians of
Kentucky. 'His nervous system was affected, complicated with Bright's disease of the
kidneys, and it appeared at one time that
he would lose one of his kidneys entirely.
He was as near death as a man possibly
could be. He tried some of the celebrated
mineral waters of this country and obtained only temporary relief.
He visited this place and has been using
the Chass City Lithia Water since 24th of
April, 1890, and, so far as I can now discover, he has complete relief. His complexion healthy, action improved, appetite
restored, rost tranquil, and spirits revived.
His general condition indicates a restored
and invigorated man, attributable to the
use of the thase City Lithia Water.

Another Victory for the Equitable. As reported from St. Petersburg, the conditions of the Equitable Lafe, of New York in its semi-tontine plan and unrestricted tontine plan—the latter by what is called special policies—have now been accented. tontine plan—the latter by what is called special policies—have now been accepted by the Russian Minister, and the company has received authority to commence business in Russia. That the Russian Ministry was a year considering the insurance conditions of the Equitable, and then accepted the tontine-dividend system (notwithstanding that a committee of life insurance men, appointed by the Russian Ministry, gave, of course, an unfavorable decision), is the best proof, on the one hand, of the thoroughness with which the business was investigated, and on the other hand, of the advantages of the conditions and system of the Equitable, so much opposed everywhere by its competitors—Oesterreichische Revue (Vienna, August 18.)

OCTOBER 8th, 9th, and 10th, During the Fair, at 10 o'Clock P. M. 500 DESIRABLE LOTS of good size and well located will be sold at auction and at prices within the reach of everybody. They are adjoining the beautiful ASYLUM GROUNDS, the FAIR GROUNDS, and the PARK, and are being connected with the city by an

Electric Street Railway and Belt Road.

The entire street railway system of Lynchburg now in operation is controlled by this company.

The Norfolk and Western also passes through the property. The lands of the company are traversed by many streams, furnishing an abundance of water. The Norfolk and Western also passes through the property. The lands of the company are traversed by many streams, furnishing an abundance of water for all purposes, engineers say, for a city of 106,000 inhabitants. Manufactories will not have to depend upon an artificial supply of water. Quarries of splendid Building Stone are now being operated on the property to supply stone for various building enterprises. Among the new industrial enterprises established by the company are:

Automatic Engine and Machine Works, \$100,000 Paid Up Capital,

the only establishment of its kind in the South; an extensive Furniture Factory employing many operatives, and paid-up capital, \$150,000 (the buildings for these plants, constructed of brick and stone—one of these buildings is 350x140 feet, three stories, and the other 380x80 feet, five stories—are now in course of erec is n); the WASHINGTON ZINC WORKS, the buildings of which are substantially constructed and cover an acre of ground; a BRICK WORKS of 30,000 to 45,000 daily capacity, now in cover too.

A Magnificent Modern Hotel

under construction; many comfortable residence buildings for operatives are being built, and other extensive improvements are in course of sonstruction.

Miles of Streets have been graded, bridges built, and sewers constructed. The weekly pay roll of the company for its hundreds of employes will be very large, and will of itself be a good basis for profitable business in all branches. West Lynchburg Contains Over 900 Acres, located adjacent to the prosperous city of Lynchburg with 26,000 inhabitants, and in the direction of its natural growth. Lynchburg is at the intersection of the three great trunk railways of the South, with lines radiating in seven different directions and reaching the sources of cheap iron, coal, coke, lumber, wool, and other raw materials. The city has ample banking facilities through SEVEN PROSPEROUS BANKS, and has a larger list of established industries of various kinds than any other city in Virginia with one exception, including a mammoth new COTTON FACTORY that competes successfully with the New England Factories. Its future is assured. Investors can find no place in the South to put their money to better advantage or with a surer guaranty of quick and profitable returns than in West Lynchburg. Remember the place and date of sale-FAIR GROUNDS, OCTOBER 8th, 9th, and 10th. TERMS! One-fourth cash; balance in 6.12, and 13 months.

Dr. R. M. Bagny, a well-known physician of Louisa county, Va., Bumpass postoffice, under date of 3d Feb'y, 1890, reports two severe cases of scrofula.

First Case—Alady with hereditary scrofula, afflicted twenty years, discharging purulent matterduring these twenty years through three fistulous sores from the hippiont until about six inches of the thighbone had been destroyed by ulceration. In June last she commenced the use of A. B. C. Alterative. Her health rapidly improved. One of the fistulous sores ceased to discharge matter and healed readily During the three months following another sore ceased to discharge and healed as the first one. The last one has abatted half is former discharge, Dr. Bagby says he has good ground to hope for her perfect recovery by a persistent use of theremedy. Second Case—A young lady of the same family with hereditary scrofula and enlargement, with ulceration of parotid giands, and many sores on various parts of the body, commenced using A. B. C. Alterative three months ago. All the sores and enlargements have disappeared, and the doctor writes his opinion that her periect recovery is only a question of time and of the continued use of the remedy.
